Each and every year, we open our common space to burners looking for a place to have fun, grab a recharge, and meet some lovely people. Ask anyone on the playa if they have heard of Pigmalion, and you are sure to hear of our stellar bar service. Each Bloody Mary is made with love, care, and extra vodka. Don't like

Bloodies? Come for the bacon! Our camp has provided playa dwellers with hundreds of pounds of snacks over the years, and we are just getting started.

Beacon of Faggotry Presents ; Divinations by Ruby

Have you got any pressing questions about your life? What future brings? Any hard decisions to make? Come and ask Ruby for a Rune casting, or I Ching reading from the Book of Changes. Runes are the secret letters of the Norse, Vikings, Old Germans and Celts - a potent and living system of magic. They revealed their magic to this World through the self-sacrifice of the mighty Odin (<https://norse-mythology.org/tales/odins-discovery-of-the-runes/>) while hanging on the tree of life - a large ash tree named Yggdrasil, which connects the Nine Worlds and is the center of the cosmos. I Ching is an ancient cleromancy divination method based on the Book of Changes that was composed more than 3000 years ago. Using yarrow stalks we generate random numbers and create hexagrams that are interpreted using Book of Changes. A great tool for Times of Changes we live in!

Beacon of Faggotry Presents ; Divinations by Ruby

Have you got any pressing questions about your life? What future brings? Any hard decisions to make? Come and ask Ruby for a Rune casting, or I Ching reading from the Book of Changes. Runes are the secret letters of the Norse, Vikings, Old Germans and Celts - a potent and living system of magic. They revealed their magic to this World through the self-sacrifice of the mighty Odin (<https://norse-mythology.org/tales/odins-discovery-of-the-runes/>) while hanging on the tree of life - a large ash tree named Yggdrasil, which connects the Nine

Worlds and is the center of the cosmos. I Ching is an ancient cleromancy divination method based on the Book of Changes that was composed more than 3000 years ago. Using yarrow stalks we generate random numbers and create hexagrams that are interpreted using Book of Changes. A great tool for Times of Changes we live in!

Multiple host camps serve refreshing libations prepared exclusively for the riders. This year our hosts will be Barbie Death Camp and Wine Bistro, Camp Conception, Celestial Bodies, Mudskippers, Sharkey's, and Patsy's Hangout! Follow the map to the afterparty where you can get your groove on in a multitude of ways. Mugs will be provided for the first 600 riders (and yeah, we always run out).

Beacon of Faggotry Presents ; Divinations by Ruby

Have you got any pressing questions about your life? What future brings? Any hard decisions to make? Come and ask Ruby for a Rune casting, or I Ching reading from the Book of Changes. Runes are the secret letters of the Norse, Vikings, Old Germans and Celts - a potent and living system of magic. They revealed their magic to this World through the self-sacrifice of the

mighty Odin (<https://norse-mythology.org/tales/odins-discovery-of-the-runes/>) while hanging on the tree of life - a large ash tree named Yggdrasil, which connects the Nine Worlds and is the center of the cosmos. I Ching is an ancient cleromancy divination method based on the Book of Changes that was composed more than 3000 years ago. Using yarrow stalks we generate random numbers and create hexagrams that are interpreted using Book of Changes. A great tool for Times of Changes we live in!

Beacon of Faggotry Presents ; Divinations by Ruby

Have you got any pressing questions about your life? What future brings? Any hard decisions to make? Come and ask Ruby for a Rune casting, or I Ching reading from the Book of Changes. Runes are the secret letters of the Norse, Vikings, Old Germans and Celts - a potent and living system of magic. They revealed their magic to this World through the self-sacrifice of the mighty Odin (<https://norse-mythology.org/tales/odins-discovery-of-the-runes/>) while hanging on the tree of life - a large ash tree named Yggdrasil, which connects the Nine Worlds and is the center of the cosmos. I Ching is an ancient cleromancy divination method based on the Book of Changes that was composed more than 3000 years ago. Using yarrow stalks we generate random numbers and create hexagrams that are interpreted using Book of Changes. A great tool for Times of Changes we live in!

Beacon of Faggotry Presents ; Divinations by Ruby

Have you got any pressing questions about your life? What future brings? Any hard decisions to make? Come and ask Ruby for a Rune casting, or I Ching reading from the Book of Changes. Runes are the secret letters of the Norse, Vikings, Old Germans and Celts - a potent and living system of magic. They revealed their magic to this World through the self-sacrifice of the mighty Odin (<https://norse-mythology.org/tales/odins-discovery-of-the-runes/>) while hanging on the tree of life - a large ash tree named Yggdrasil, which connects the Nine Worlds and is the center of the cosmos. I Ching is an ancient cleromancy divination method based on the Book of Changes that was composed more than 3000 years ago. Using yarrow stalks we generate random numbers and create hexagrams that are interpreted using Book of Changes. A great tool for Times of Changes we live in!
