

An aerial photograph of the Burning Man festival site in 2025. The foreground is a vast, flat, light-colored desert floor. A vibrant, multi-colored rainbow is projected across the lower half of the image, stretching from the left edge towards the right. In the middle ground, a dense, sprawling camp of thousands of tents and structures is visible, organized into a grid-like pattern. A dirt road or path winds through the camp. In the background, a range of dark, rugged mountains is silhouetted against a clear, bright blue sky. The overall scene is one of a large-scale outdoor event in a desert environment.

The homecoming party is back..to the future! Come one, come all & help us put the HO in hoedown & the WILD in wild west

Pink Ponies (6:30 & G)

9:00pm – 1:00am Sunday

Event Horizon Opening Party

Celebrating the debut of a 30 ft kinetic LED sculpture dance floor on the playa!

Event Horizon is a giant audio-reactive LED kinetic sculpture evoking a sense of cosmic beauty. Five concentric rings, up to 20ft in diameter, chaotically spin around a central spherical infinity mirror resembling a black hole, which is held perfectly still by a beautiful trick of mathematics.

Beneath the rings, is a partially enclosed space surrounded by shimmering walls of light – a space to reflect, a space to wonder, or a space to dance. The entire sculpture is also audio reactive: when it hears a nearby musical presence like an art car, it converts into a cosmological dance floor that pulses to the beat!

8:00am – 9:00am Monday

Wake up with us

We serve morning coffee, tea, and cocoa daily starting around 7 or 8am until we run out of steam (or caffeine)

Nixon

Look for the
Food Drive Banner
No Alcohol!

An aerial photograph of a vast desert landscape under a clear blue sky. In the distance, a range of mountains is visible. A thick layer of white smoke or fog fills the middle ground. A vibrant, multi-colored rainbow stretches diagonally across the lower half of the image, starting from the left edge and ending near the bottom right. The ground is sandy and dotted with small figures of people and some vehicles.
